

“Buy it Because It's A Studebaker”

The Opinion of the Majority
of Wagon Buyers is that the *Studebaker*
is the Best and Most Economical Wagon

Every year almost twice as many Studebaker wagons are sold as any other make.

People who know wagons have been buying “Studebakers” for nearly 60 years. They're buying more to-day than ever before.

A Studebaker wagon is bought somewhere every two minutes.

Studebaker wagons wouldn't sell at this tremendous rate unless they gave more value than other wagons. Let us tell you why—it will put you under no obligations whatever.

Just received, a car load of the celebrated Studebaker Wagons. Will make it to your interest to see us before buying.

Electrically Started
Electrically Lighted
Five-Passenger

ASK THE man whose judgment in automobile construction you respect most, to give you the ideal specifications and equipment for a four-cylinder, five-passenger car.

Tell him that it must be of the highest quality, and electrically started and lighted.

Check the specifications he gives you by those of the Studebaker FOUR and you will be astonished at the completeness with which all the important essentials are included in the following list:

Full floating rear axle—Timken bearings throughout—alloy steel exclusively—long stroke, small bore motor—cylinders cast en bloc—enclosed valves—exhaust and intake manifolds integral—108 in. wheel base—full-elliptic rear springs—32x3½ in. tires—left hand steering and centre control—detachable demountable rims, with extra rim—gasoline supply beneath cowl—clear vision and rain vision, ventilating windshield—Studebaker Jiffy curtains—illuminated speedometer, oil feed and electric current indicator—clean running board—Gray & Davis best parabolic lamps—electric horn and full supply of tools.

He will hesitate to put a price upon such a car unless he knows that his ideal is actually being built and sold by us for \$1050

Only the magnitude of Studebaker operations makes the price possible.

files and compiled a financial statement showing the condition of your plant when the books were closed for the fiscal year 1908. It appears that your power and sewer plants, at that time, were valued at \$100,268.09. Your current debt was \$11,636.91, and I understand that the commission then received something over \$7,000.00, from the city.

This statement, referred to will be found on page 14 of this report.

On page 14 of this report, is a statement showing the financial condition under date of December 31st, 1913. At this time, these plants appear to be conservatively valued at \$152,236.40, the increase of over \$52,000.00, of course, being due to extensions and improvements. Your superintendent states that the physical condition of these plants is better than it has been for years, and that it is not necessary to charge off anything for depreciation, the repairs keeping machinery, etc., up to a standard.

The current debt on December 31st, 1913, was only \$116.

It seems that the municipal plants now furnish light and water for the city, in addition to extra profits (which, in 1913, amounted to \$4,681.01, or nearly 3 per cent. on your investment), and that they receive no support whatever, from the city for maintenance.

“THE GREATEST KIDNEY REMEDY ON EARTH,” SAYS A GRATEFUL WOMAN.

I want to tell you how much good your Swamp-Root did me. About four years ago. I suffered from what the doctors called fistula and for two years of that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors medicines without receiving any help. Someone told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I

received relief, so kept on using it and today I am a strong and well woman. If I ever feel badly or out of sorts, I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure for me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours,

Mrs. John Bailly,

West Main St. Portland, Ind.
